FutureTech 2018

The 13th International Conference on Future Information Technology
April 23-25, 2018, Salerno, Italy
http://www.futuretech-conference.org/

Published by Springer (indexed by EI & SCOPUS)

The 13th International Conference on Future Information Technology (FutureTech 2018) will be held in Salerno, Italy, April 23-25, 2018. Future technology information technology would stand for all of continuously evolving and converging information technologies, including digital convergence, multimedia convergence, intelligent applications, embedded systems, mobile and wireless communications, bio-inspired computing, grid and cloud computing, semantic web, user experience and HCI, security and trust computing and so on, for satisfying our ever-changing needs.

In the future world, IT will play a very important role in convergence of computing, communication, and all other computational sciences and application and IT also will influence the future world's various areas, including science, engineering, industry, business, law, politics, culture, medicine, and so on. Our conference is intended to foster the dissemination of state-of-the-art research in all future IT areas, including their models, services, and novel applications associated with their utilization.

- **Topics** (not limited to)
  1. Hybrid Information Technology
  2. High Performance Computing
  3. Cloud and Cluster Computing
  4. Ubiquitous Networks and Wireless Communications
  5. Digital & Multimedia Convergence
  6. Intelligent and Pervasive Applications
  7. Security and Trust Computing
  8. Bioinformatics and Bio-Inspired Computing
  9. Game and Graphics
  10. Other IT and Multimedia Applications

- **Contacts**
  ft2018.conf@gmail.com

- **Web site**
  http://www.futuretech-conference.org/

- **Proceeding and publication**
  All accepted papers will be included in the conference proceedings as one of Lecture Notes in Electrical Engineering (LNEE) series published by Springer (indexed by EI & SCOPUS)

- **Journal Publication**
  Distinguished accepted and presented papers in MUE, after further revisions, will be published in the special issues of the following international journals (Pending):
  – The Journal of Supercomputing - Springer (**SCI**)
  – Multimedia Tools and Applications (MTAP) - Springer (**SCIE**)
  – Computers & Electrical Engineering - Elsevier (**SCIE**)
  – Journal of Ambient Intelligence and Humanized Computing - Springer (**SCIE**)
  – Journal of Information Processing Systems (JIPS) - KIPS (**SCOPUS**)

KIPS CSWRG
Korea Information Processing Society
Computer Software Research Group

The International Conference is hosted by KIPS Computer Software Research Group (http://www.kips-cswrg.org/)
